

Are you frustrated with your IT facilities?

Who looks after your IT when things go wrong?

Do you depend on friends, family and neighbours for help?

What happens when the phone or email goes down?

Are you concerned about security of your business data?

Do you have to remember to back-up your data?

Are you finding it time consuming to deal with many suppliers?

Are you always worried when the next IT expense will happen?

Are you fed up with spam emails you keep getting from people you don't even know?

Would you like to have IT & Telephony securely and cost-effectively provided by one trusted supplier?

GET THE SAME IT FUNCTIONALITY AS THE BIG BOYS WITHOUT THE BIG BILL

The Next-step in Office Automation from Msona !

Once upon the time, fax machines, printers, scanners and photocopiers were all separate, costly pieces of equipment, coming from different suppliers with different service agreements and were only affordable by large companies. The functions provided by separate machines are now merged into ONE machine simplifying the lives of many small businesses like you...

Msona has taken this one further step by offering you IT-as-a-service that includes: Internet, Telephony, Office Automation, Network Security, Tele-working and much more for a lot less.

HAVE PEACE OF MIND, WE RUN YOUR BUSINESS FOR YOU...

Msona can help you:

- Guarantee uptime
- Minimise IT and Telephony costs
- Predict budget and spend
- Gain optimal managed IT & Telephony services at a lower cost
- Concentrate on your day-to-day operations with minimal disruptions

We are there for you anytime and all the time...we are just one call away!
